WHAT TO DO IN THE EVENT OF AN EMERGENCY

Ring 999 - The Emergency Services. They will ask you for details of what has happened, where, when and who is involved.

Give YOUR contact details to the Emergency Services so they can call you back. Ring them again if the situation changes significantly.

Contact the Claybrooke Emergency Planning Team. It is unlikely that everyone on the list below will be available when you call, so please start at the top and **keep ringing each in turn** until you get a response.

Claybrooke Magna Emergency Team Members:		
Role	Name	Contact Numbers
Councillor	Rob Deacon	01455 209116
Councillor	Sarah Herald	Sarah.heraldcmparish@gmail.com
Councillor	Mike Lenihan	01455 202170
Councillor	Jo-Ann Allcoat	01455 202606
Parish Council Chairman	Roger Kimberley	Rogerj.kimberley@gmail.com
Parish Clerk	Patricia Nunn	07926 202967
District/County Councillor	Rosita Page	01455 209240

NB: The Claybrooke Emergency Team's role is to be a focal point locally to assist in communication, coordination and liaison, working to support the Emergency Services and, if appropriate, the HDC Resilience Partnership. The team will follow the directions of the Emergency Services at all times.

Ways in which the team may provide support includes:

- Providing local knowledge to the Emergency Services
- Setting up links with local groups, organisations and useful individuals
- Passing on information and instructions to local people
- Providing information about people who may be particularly vulnerable such as those with disabilities or are elderly
- Making sure that buildings in the area are available for possible emergency use
- Organising local help as required, such as emergency centres, food provision and information points

This plan has information to help all the support services, but it can never be exhaustive. It must be seen as a list of people and resources that have agreed to help if needed and if they are available.

HELPING VULNERABLE PEOPLE

The most vulnerable people in Claybrooke Magna may need specific help and support. These may include the elderly or people with disabilities. To help identify and assist those who may need this extra support, the village has established a network of street wardens. In the event of an emergency they will help make contact with and provide information to people in need. They can be contacted as follows:

STREET WARDENS

INFORMATION ON POTENTIAL RISKS

Some emergencies are totally unforeseen, others can be anticipated from warning signs. Here are some possible scenarios:

FLOODING OR HEAVY SNOW Unlikely to affect many homes in Claybrooke Magna, but some roads may become impassable. The electricity supply may fail if sub-stations are flooded. Residents may not be able to reach shops and services outside of the village.

AIR ACCIDENT The village is under national and local civilian flightpaths and military ones so the risk is not easy to assess. There is a need for the emergency services to reach the location promptly.

ROAD ACCIDENT Potential major incident if there is a road traffic accident involving chemicals or gas cylinders or other hazardous materials. Also, involving high capacity vehicles such as buses. Buildings and their occupants adjacent to the road would be affected.

WEATHER WARNINGS Warnings can be issued by:

- The Meteorological Office, Environment Agency, Local Radio or the local emergency services
- The HDC Local Resilience Duty Officer when contacting the Parish Clerk, Parish Chairman or their deputy about a potential emergency situation.
- Local people, including those in the adjacent small villages, when they feel there is a need to react to a local situation, e.g. an extended period of bad weather such as prolonged rain or snowfall or when there has been an extensive power failure (electricity power-out) and the supplier has indicated that there will be a considerable delay in restoring the service.

EMERGENCY PLANNING

Claybrooke Magna Parish Council recognises that emergency situations can happen anywhere. It is very unlikely that our village will be affected by a major incident but, to be prepared, the Parish Council has produced this Emergency Plan to identify local people and resources that may be able to help out. We have also installed a defibrillator which can be accessed 24/7 at the front of the Village Hall, and have trained more than 20 residents in life saving skills.

Difficulties and issues can arise for any of us at any time. To help residents deal with such matters, the Parish Council has compiled a list of useful contact numbers, see attached. You might want to keep this page by your phone or somewhere safe, for future reference.

REMEMBER:

IN AN EMERGENCY CALL 999 or 112, text phone 18000, for the police, ambulance or fire brigade.
